INDEX TO VOL. VI

ACUTE epizootic leucoencephalitis in horses, 65
Adamantine epithelioma, 377

BACILLUS mortiferus (Nov. Spec.), 519
Bacteriology of broncho- and lobular pneumonia in infancy, 391
Bacteriolysis, snake venom in relation to, 277
Blood and body fluids of human beings, studies in hæmolysis with special reference to, 347
Blood corpuscles, a contribution to our knowledge of the action of saponin on, 257
Body fluids of human beings, studies in hæmolysis with special reference to, 347
Broncho- and lobular pneumonia in infancy, bacteriology of, 391

CAPSULES of Pneumococcus and Streptococcus, staining of, 317
Case of multiple myeloma, 53
Chronic hyperplastic tuberculosis of the intestine, with report of a case, 23
Coccidioides immitis, further observations on, 443
Coccidioides pyogenes, further observations on, 443
Coccidium (Klossiella muris, Gen. et Spec. Nov.), parasitic in the renal epithelium of the mouse, 303
Contribution to our knowledge of the action of saponin on the blood corpuscles and pus corpuscles, 257
Contribution to the pathological anatomy of malarial fever, 119
Contribution to the physiological differentiation of Pneumococcus and Streptococcus, and to methods of staining capsules, 317

DERMATOMYOSITIS, with report of a case which presented a rare muscle anomaly but once described in man, 407
Dysentery, etiology of, in the United States, 181

EFFECTS of injection of egg-albumen and some other proteids, 207
Effects of subminimum doses of strychnine in nephrectomized rabbits, 107
Egg-albumen and some other proteids, experiments on and effects of injection of, 207
Epithelioma adamantinum, 377
Epizootic leucoencephalitis in horses, 65
Etiology of acute dysentery in the United States, 181
EWING, JAMES. Contribution to the pathological anatomy of malarial fever, 119
Experiments on the effects of injection of egg-albumen and some other proteids, 207

FISCHER, MARTIN H. The toxic effects of formaldehyde and formalin, 487
FLEXNER, SIMON, and NOGUCHI, HIDEYO. Snake venom in relation to hæmolysis, bacteriolysis and toxicity, 277
Formaldehyde, toxic effects of, 487
Formalin, toxic effects of, 487
Further observations on a pathogenic mould formerly described as a protozoon (Coccidioides immitis, Coccidioides pyogenes), 443

HÆMOLYSIS, snake venom in relation to, 277
Hæmolysis, studies in, with special reference to the properties of the blood and body fluids of human beings, 347
HARRIS, NORMAN MACLEOD. Bacillus mortiferus (Nov. Spec.), 519
HISS, PHILIP HANSON, JR. A contribution to the physiological differentiation of Pneumococcus and Streptococcus, and to methods of staining capsules, 317
Horses, acute epizootic leucoencephalitis in, 65

INTESTINE, chronic hyperplastic tuberculosis of, 23

KLOSSIELLA muris (Gen. et Spec. Nov.), parasitic in the renal epithelium of the mouse, 303

LARTIGAU, AUGUST JEROME. A study of chronic hyperplastic tuberculosis of the intestine, with report of a case, 23
Leucoencephalitis, acute epizootic, in horses, 65
Lobular pneumonia in infancy, bacteriology of, 391

MACCALLUM, W. G. A case of multiple myeloma, 53
MACCALLUM, W. G. and BUCKLEY, S. S. Acute epizootic leucoencephalitis in horses, 65
Malarial fever, contribution to the pathological anatomy of, 119
Malignant teratoma of the perineum, 401
MARSHALL, H. T. Studies in hæmolysis with special reference to the properties of the blood and body fluids of human beings, 347
MELTZER, S. J. and SALANT, W. The effects of subminimum doses of strychnine in nephrectomized rabbits, 107
Mould, pathogenic, formerly described as a protozoon, further observations on, 443
Mouse, on a coccidium parasitic in the renal epithelium of, 303
Mouse, sarcosporidiosis in, 1
Muscle anomaly, dermatomyositis, with report of a case of, 407
Myeloma, a case of, 53

NEPHRECTOMIZED RABBITS, the effects of subminimum doses of strychnine in, 107

ON a coccidium (Klossiella muris, Gen. et Spec. Nov.) parasitic in the renal epithelium of a mouse, 303
On the occurrence of Strongyloides intestinalis in the United States, 75
OPHÜLS, W. Further observations on a pathogenic mould formerly described as a protozoon (Coccidioides immitis, Coccidioides pyogenes), 443

PATHOLOGICAL anatomy of malarial fever, contribution to, 119
Pathogenic mould, formerly described as a protozoon, further observations on, 443
Perineum, malignant teratoma of, 401
Pneumococcus and Streptococcus, contribution to the physiological differentiation of, and to methods of staining capsules of, 317
Proteids, experiments on and effects of injection of, 207
Production of sarcosporidiosis in the mouse by feeding infected muscular tissue, 1
Pus corpuscles, a contribution to our knowledge of the action of saponin on, 257

RENAL epithelium of the mouse, on a coccidium (Klossiella muris, Gen. et Spec. Nov.) parasitic in, 303

SAPONIN, a contribution to our knowledge of the action of, on the blood corpuscles and pus corpuscles, 257
Sarcosporidiosis in the mouse, 1
SMITH, THEOBALD, and JOHNSON, HERBERT P. On a coccidium (Klossiella muris, Gen. et Spec. Nov.) parasitic in the renal epithelium of the mouse, 303
SMITH, THEOBALD. The production of sarcosporidiosis in the mouse by feeding infected muscular tissue, 1
Snake Venom in relation to hæmolysis, bacteriolysis and toxicity, 277
SOLLMAN, TORALD, and BROWN, E. D. Experiments on the effects of injection of egg-albumen and some other proteids, 207
Staining capsules of Pneumococcus and Streptococcus, 317
STEENSLAND, H. S. Epithelioma adamantinum, 377
STEINER, WALTER RALPH. Dermatomyositis, with report of a case which presented a rare muscle anomaly but once described in man, 407
STEWART, G. N. A contribution to our knowledge of the action of saponin on the blood corpuscles and pus corpuscles, 257
Streptococcus, contribution to the physiological differentiation of, and to methods of staining capsules of, 317
Strongyloides intestinalis, occurrence of, in United States, 75
Strychnine, the effects of subminimum doses in nephrectomized rabbits, 107
Studies in hæmolysis with special reference to the properties of the blood and body fluids of human beings, 347

TERATOMA of the perineum, malignant, 401
THAYER, WILLIAM SYDNEY. On the occurrence of Strongyloides intestinalis in the United States, 75

Toxic effects of formaldehyde and formalin, 487
Toxicity, snake venom in relation to, 277
Tuberculosis, hyperplastic of the intestine, 23

UNITED STATES, etiology of acute dysentery in, 181
United States, occurrence of Strongyloides intestinalis in, 75

VEDDER, E. B. and DUVAL, C. W. The etiology of acute dysentery in the United States, 181

WHITEHEAD, R. H. A malignant teratoma of the perineum, 401
WOLLSTEIN, MARTHA. The bacteriology of broncho- and lobular pneumonia in infancy, 391
